Kristine -

Please find attached an updated FS Revision Process Matrix. Changes since last Friday's matrix are shown in red. This week's changes reflect updates in information transferred between LWG and EPA.

Also attached is a summary list of action items compiled from the last nine technical meetings (COCs, PRGs, RALs, SDUs, Technology Screening Matrix, PTW, SMAs, Buried Contamination, Disposal Sites, CDF Treatment). This update includes completion of a number of action items from recent meetings.

Let us know if you have any questions about any of this.

Thanks much.

Carl
